

**Joint Conferences on
FUNDAMENTAL AND APPLIED
RESEARCH IN PHYSICS**

October 24-29, 2005

Al. I. Cuza University, Iasi, Romania

The Joint Conferences will be organized by Faculty of Physics of Al. I. Cuza University of Iasi, in the frame of the Cuza University Days and the World Year of Physics, with the aim to meet the demands of both East and West European researchers to discuss research results and issues relating to the newest aspects of Physics and Physics Education.

The Joint Conferences on FUNDAMENTAL AND APPLIED RESEARCH IN PHYSICS in 2005 have a special significance, because this year was declared the World Year of Physics. Physics and applied technologies will play an essential role in the sustainable development of the future world.

The joint conferences are the following:

1. International Conference on Fundamental and Applied Research in Physics - FARPhys 2005

Click Here for details- <http://home.uaic.ro/~farphys>

Sponsored by: Ministry of Education and Research, Romania

Including

Einstein 100 - Theory of Relativity Symposium

2. International Conference on Plasma Physics and Applications - CPPA2005

Click Here for details- <http://plasma.uaic.ro/CPA2005>

Sponsored by: Ministry of Education and Research, Romania

3. International Conference of IEEE Magnetics Society Chapter - Romania Section - IEEE - ROMSC

Click Here for details-<http://stoner.phys.uaic.ro/ROMSC2005>

Sponsored by: IEEE Magnetics Society Council

The Seminary of EURATOM Association - Romania
